

# Report on Three Days Internal Assessor's Cum Service Provider Training on National Quality Assurance Standards (NQAS)

**Organized By:** State Quality Assurance Unit, NHM, Manipur With technical support of Regional Resource Centre for NE States, Guwahati, Assam

**Date of Training :** 23<sup>rd</sup> March to 25<sup>th</sup> March 2023 **Venue:** Institute of Cooperative Management, Imphal, Manipur

### A. Introduction & Background

National Quality Assurance Standards were launched for improving the Quality of Care (QoC) in public health facilities in 2013 for District Hospitals. Standards for Community Health Centres (functional as FRU's) and Primary Health Centres (with beds) rolled-out in the year 2014. Subsequently, Quality Standards for Urban PHCs were developed in 2016. NQAS Standards have attained International Accreditation from International Society for Quality in Healthcare (ISQua). At National level, these standards have been recognized by the Insurance Regulatory and Development Authority (IRDA) for empanelment of hospitals.

Implementation of National Quality Assurance Programme in the North East States has been closely monitored and supported by Regional Resource Centre for North East States (RRCNE) in coordination with National Health System Resource Centre (NHSRC) since the launch of the programme in November 2013. A pool of assessors has been created in each State for undertaking the assessment of the health facilities, identification of gaps, analysis of the identified gaps, prioritization, action planning for closure of the gaps so that quality of the services provided in our Public health facilities can be improved and they may be taken up for National Certification.

A three-day Internal Assessor cum Service Provider Training was organized by State QA Team, NHM, Manipur with the technical support of RRC-NE to increase the pool of assessors. RRC-NE extended support by drafting the agenda, providing study materials, and taking sessions during the training. Training program was spread into 17 topics along with 03 practical exercises for hands on experience in various methodologies of the assessment. Training was followed by discussion on NQAS implementation status in Manipur & concluded with Post Training Evaluation & Feedback.

### **B.** Objectives and Participants

The main objectives of the training were as follow:

- 1. To impart understanding of the basic concept of Quality Assurance Standards and how to implement them in Public health facilities.
- 2. To acquaint the participants with Area of Concerns, Standards, Measurable elements, Departmental Checklists and Scoring System.
- 3. To support the facilities for achieving National Quality Certification.

Training was facilitated by following Resource Persons:

- 1. Dr. Ajay Kumar Arya, Consultant-QPS, RRCE-NE, MoHFW, GOI
- 2. Dr. Vinaya RSL, Consultant-QPS, RRC-NE, MoHFW, GOI
- 3. Dr. Suchitra R, SPO, Jhpiego, Manipur
- 4. Dr. Ramananda, NQAS External Assessor
- 5. Dr. Benedict Maring, NQAS External Assessor

The agenda of the 03 (Three) days' workshop is enclosed as Annexure - I.

**Participants:** A total 42 (Forty-two) Participants including District Program Manager, DNO – Child Health, Paediatricians, Junior Residents, Medical Officers, Staff Nurses attended the training. Participants list along with the Post Training Evaluation result is enclosed as Annexure – II.

### C. Inaugural Session

Dr. Somorendro, SNO-QA, Manipur welcomed all participants from various health facilities across the districts and Resource Persons to the three days Internal Assessor's cum Service Providers Training Program. In his welcome speech he emphasised the importance of implementing quality guidelines in public health facilities and assured that state will extend full support to the facilities for achieving National Quality Certification.

### **D. Technical Sessions**

Торіс	Brief		
]	Day : 1 (23 <sup>rd</sup> March 2023)		
Overview of National Quality Assurance Program and Assessment Protocol.	In this session, <b>Dr. Ajay</b> covered the concepts of quality, development of NQAS, key features, implementation framework at state and district level, function of quality assurance committees & units. Later followed by briefing on 08 Areas of concern & Standards, Measurable Elements & Checkpoints, and the Measurement system of National Quality Assurance standards. The session also included NQAS measurement system, Assessment methods, Scoring, protocols and criteria of the NQAS certification.		
Standards for Service Provision, (AoC-A) & Standards for Patient Rights, (AoC-B)	<b>Dr. Suchitra,</b> briefed about availability of functional services & facilities in a hospital to the end users under various areas & departments of the hospital along with other support services. The session on Patient Rights included Rights of patients to Access information about services available, User friendly signages, confidentiality of their information, obtaining Consent for treatment, Privacy & Dignity to patients, Providing treatment without any Physical and Financial barriers.		
Standards for Inputs, (AoC-C)	<b>Dr. Vinay</b> explained about Area of Concern C and its seven standards, which includes the structural part of the facility, which is based on the standard guidelines of Indian Public Health Standards (IPHS) for different level of facilities.		
Exercise on AoC A, B and C	<b>RRC NE Team</b> coordinated the session, where all participants were given a case study on Labor room checklist where participants were asked to score the relevant checkpoints which are relevant of the checklist and finally generating the overall score of the department.		
Standards for Support Services (AoC-D) & Inventory Management	The session was taken by <b>Dr. Suchitra</b> , she included the detailed discussion on the Preventive & Breakdown Maintenance of Equipment, Daily inspection, Calibration of critical equipment's, Inventory management of drugs & consumables in pharmacy & patient care areas, Dispensing & Storage of drugs, Safe environment in hospital, Upkeep of facility, 24X7 water and power supply, Laundry & Linen services, dietary Services, Accounts & Finance management, Contract Services and Statutory requirements for hospital.		
Standards for Clinical Services (AoC-E) (Std. E1- Std. E9)	<b>Dr. Benedict</b> explained the general clinical services & their importance which are concerned with those clinical processes that ensures adequate care to the patients which includes registration, admission, consultation, assessment, continuity of care, nursing care, identification of high risk and vulnerable patients,		

Topic	Brief
	prescription practices, safe drug administration,
	maintenance of records and discharge from the hospital.
Standards for Infection Control (AoC-F)	<b>Dr. Ajay</b> explained the infection control practices and protocols to be followed in public hospitals which usually have high case load and these measures become more critical to avoid cross infections, nosocomial infections, and their spread. This section includes infection control program to curb the incidence of nosocomial infections, promote hand hygiene practices & antisepsis, practices for using personal protection equipment, processing of equipment & instruments, environmental control, and biomedical waste management in the facility.
	Day-02 (24 <sup>th</sup> March 2023)
Standard for Quality Management (AoC-G) & PSS	In this session <b>Dr. Ajay</b> explained importance of Quality Team formation, Quality Policy and Objectives, Patient and Employee Satisfaction, Standard Operating Procedures, Implementation of internal & external quality assurance system, Risk management framework. This session covered the Patient Satisfaction Survey, Sample size, Attributes in PSS format, PDCA Methodology of data collection & analysis, developing action plan to low performing attributes observed in the survey.
Internal Assessment, Root Cause Analysis, Action Planning & Prioritization of Gaps	The session was taken by <b>Dr. Ajay</b> where he discussed about the importance of Internal assessment, Gap analysis, Prioritization, and action planning. Gap Analysis,' root cause analysis using "fish bone diagram" and "why-why" technique was explained in detailed with examples. He then explained the prioritization of gaps by using 'PICK' chart.
Process Mapping and Exercise	<b>Dr. Vinay</b> explained steps involved in the process mapping, symbols used for representing various activities in process mapping, including bottle necks in a process, removing nonvalue adding activities from the process. A group exercise has been conducted where participants were asked to map the process of certain activities of a hospital and to present it by highlighting the value and nonvalue adding activities including bottlenecks facing in the process.
Standards for RMNCHA Services, AoC-E (Std. E10 - Std. E16)	<b>Dr. Ramananda</b> , NQAS External Assessor explained in detail the standards for specific clinical Services from E10 to E16. It includes Standards for Intensive Care, Emergency, Diagnostic, Blood Bank/Storage, Anesthetic, Surgical and End of life care services.
Prescription Audit & Exercise	<b>Dr. Vinay</b> covered the importance of Prescription Audit, its prerequisiteies, Audit Format & its parameters, Data analysis & Evaluation, % calculations, and developing action plan for low performing attributes and its corrective action.
Standards for Specific Clinical Services, AoC-E (Std. E17 - Std. E23)	<b>Dr. Ajay Arya</b> took the next session for RMNCH+A services also. In this session, he delivered a detailed presentation on the 6 standards which are specific to Maternal, New-born, Child, Adolescent & Family Planning services and National Health Programs. Maternal Services is further categorized into Ante-natal, Intra-natal, and Post-natal services.

Торіс	Brief
Outcome Indicators and KPI's (AoC-H)	<b>Dr. Vinay</b> took the session on Outcome indicators where the four areas of measures of quality were briefed in terms of measurable indicators and to have a system to measure the indicators and meeting the benchmarks. Later few indicators like ALOS, BOR, Rate of Surgeries, C-section Rate, OT Utilization Rate, SSI Rate have been explained with formulas.
Overview of GUNAK App	<b>Dr. Ajay</b> spoke on the GUNAK app used for the assessment of QA programs like NQAS & Kayakalp through digital checklists in the app which can be used at various levels of assessment in publuc health facilities.
	Day-03 (25 <sup>th</sup> March 2023)
Quality Tools - PDCA, 5S, Mistake Proofing etc	<b>Dr. Vinay</b> discussed about various Quality Tools like PDCA Cycle (Plan-Do-Check Act), 5 S (Sort, Set, Shine, Standardize and Sustain) for workspace management, Mistake proofing i.e., preventing errors and negative effects from errors with numerous examples.
MusQan – An Overview	In this session, <b>Dr Ajay</b> gave an overview of the MusQan initiative – Ensuring child friendly services in public health facilities where he explained about the continuum of new-born care & the facility-based new-born care. Objectives, scope & key strategies for implementation of MusQan in the facilities were also discussed along with Rapid improvement events. he concluded her session with discussing the criteria of NQAS Certification under MusQan.
Status & Road map for NQAS implementation in the state.	<b>Dr. Somorendro</b> , SNO-QA, NHM, Manipur briefly explained the State Action Plan of QA related activities as per the Proposed SPIP 2023-24. He also spoke about the status of shortlisted facilities for NQAS & MusQan program in the state and urged the officials to adhere to timelines to complete the assessments in time.
Post Training Evaluation	<b>RRC – NE Team</b> has conducted a post training evaluation of the participants with an objective type of question paper where answer sheet was filled by participants, and this is followed by providing feedback on the 3 days training program.

## E. Valedictory and closing ceremony.

The training program concluded with the closing remarks and vote of thanks from Dr. Somorendro, SNO-QA and Dr. Shadhana, SNO-Child Health, NHM Manipur followed by speech from few participants regarding the experience of the training.

The training feedback analysis is enclosed as Annexure II.

## Feedback Analysis & Action Taken

## Annexure III

(a). The Average score of Feedback Analysis

S1.	Day Average Score (Out of 5)	
1	Day 1	4.02
2	Day 2	4.06
3	Day 3	4.18
Avera	ge Score	4.08

(b). Trainer wise Feedback Analysis

S1.	Trainer's name	Average Score (Out of 5)
1	Dr. Ajay Arya	4.15
2	Dr. Vinaya RSL	4.10
3	RRC NE Team	4.06
4	Dr. Suchitra R	3.93
5	Dr. Ramananda	3.82
6	Dr. Benedict Maring	3.75

### (c). Most Liked Sessions

<b>S1</b> .	Most Liked Sessions	Trainer
1	MusQan – An Overview	Dr. Ajay Arya
2	Standards for Quality Management (AoC G)	Dr. Ajay Arya
3	Internal Assessment, Root Cause Analysis, Action Planning & Prioritization of Gaps	Dr. Ajay Arya
4	Standards for Infection Control (AoC-F)	Dr. Ajay Arya
5	Prescription Audit and Exercise	Dr. Vinaya RSL

### (d). Suggestions given by the Participants.

<b>S1</b> .	Suggestions to improve training
1	Increase the no. of days of training.
2	To Include facility visits in the training.

All the participants found the training program to be helpful. They learned a wealth of new information, gained new skills in conducting assessment. They all expressed that after completing this training their knowledge and skills were improved in terms of healthcare quality, which they will implement at their respective facilities.

The feedback highlights that the participants were satisfied with the content The presenters were knowledgeable and capable of explaining the material in an easily understandable way. However, suggestion given by participants, will be explored to be incorporated in future trainings.
